WAYNE ALLCOTT & CO. HEAVY AND FANCY GROCERS

AND

General Produce Commission Merchants. AGENTS FOR

MILBURN, STUDEBAKER AND VIRGINIA WAGONS.

NYABLE NOVEMBERGIES IN W HANN'S RAW BONE SUPER PHOSPHATE.

The unexampled success of this renowned manure during many years, has won for it a reputation which few other fertilizers can claim. Its sales are very extensive in all parts of the country, especially in those parts of the South where cotton and corn are largely grown. So decided and positive have been its results on these important staples, that in many sections it is preferred to all other manures.

Whann's Raw Bone Super Phosphate

is prompt and active in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early frosts. We offer this well-known fertilizer to our friends, confident that they will concur in the opinion of the leading planters of the South, that for Cotton and Corn it is unequalled.

N DER THE NAME AND STYLE OF

STRONACH BROS.

We offer for sale as successors to G. T. STRONACH & BROS. in Guano the celebrated

Sea Fowl and Bradley's Super Phosphate.

We append a list of Farmers who have used the above mentioned Guano during the past seasen. We certify that no objections have been raised so far to either of the above Guanos. And we guarantee each fertilizer to come up to the analys's required by law. We, in common with Mr. Bradley, believe the new law passed by the General Assembly of North Carolina, as a protective law for the farmers of the State of North Carolina, to be a desirable law, and one which we have desired, to prevent fraud. The Fertilizers which we sell are guaranteed to come up to the analysis standard. We advise our farming community to use

SEA FOWL AND BRADLEY'S SUPER PHOSPHATE.

They have stood the test of years and have no equal.

OH, WHAT A FALL THERE WAS, MY COUNTRYMEN.

Thus spoke the great Shakespeare, on metters of far less import than the tre-mendous "Fall" that

WEIKEL. The Merchant Tailor, will adopt from this date, in the sale of his will adopt from this date, in the sale of his fine, heavy goods of every description for Gentlemen's wear.

He will sell at POSITIVE cost prices for

CASH, his entire stock of Winter Cassimeres, Tweeds, &c; make them up in his usual style, and guarantee fits in every instance. The stock is entirely new, bought at a bargain since the panic, and those that would take advantage of

LOCAL MATTER.

E. C. WOODSON, City Editor.

SPECIAL CITY ITEMS. THE STATE AGRICULTURAL JOURNAL

may be had at Branson's Book Store, only cents a copy. WE HAVE opened to-day a large and beautiful stock of Spring prints, ginghams,

Subscribers finding this notice marked around will take notice that their subscription will expire within two weeks. They will please renew AT ONCE, as the CASH SYSTEM adopted by us will necessi-tate the dropping the names of all parties not renewing. We hope our subscribers will take due notice of this fact and govern themselves accordinly.

LOCAL BRIEFS-

The trees were covered with sleet yesterday. Wild cattle are reported to be in the woods in the Southeastern portion of this county.

Gold lettering on doors and windows is becoming very fashionable with our business men.

Raids on chicken coops are now in vogue in this city. Housekeepers should keep a sharp look out.

It is astonishing how many Photograph Albums are sold, and how very cheap they are made. L. Branson keeps a variety, very handsome. Bradley has just received a large lot of cigars. Parties wanting should

apply to him at once. See notice in another column. We learn that the law firm of Mc-Corkle & Bailey, of Salisbury, has been retained for the prosecution of Elliott who killed Neal, a few days

ago, at Statesville. If for no other reason, the present Board of City Commissioners should be ousted at the next election for the

present year the terms of 96 con victs will expire. James Edleman, col., was arrested

on Tuesday afternoon at Morrisville, in this county, on a capias from Rowan county, charged with bastardy. Edleman is now in jail in this city, and will be taken to Salisbury this evening. The body of a dead colored infant

was found in Swift Creek Township yesterday. It being well known that the infant died from a natural cause no inquest was held. It having been buried in a very snanow grave, was wasned up.

The following letters are now held in the post office in this city for the

lack of proper postage:

B. H. Wilson, Merry Oaks, Chatham county, N. C.; S. C. Bruce, Hillsboro, N. C.; E. H. Bruce, Hillsboro, N. C.; S. H. Rhodes, 1435, Ellsworth St., Philadelphia, Pa.

McNeill Patterson, Daniel Holcomb and Thomas Sutton, the slayers of Steve Lowery, received from the Public Treasury the \$5,000 reward— \$1,666\frac{2}{3} apiece. The question of the payment of the \$1,000 reward, authorized by the act of February, 1871, will have to be adjusted hereafter.

The Charlotte Observer gives the following contradiction to the rumors lately circulated:

"The rumor that Hon. Z. B. Vance and Col. Wm. Johnston, of this city, are contemplating the establishment of a newspaper in Raleigh, we are authorized to pronounce false. They have no such intentions. The report that the Observer is to be removed to the City of Oaks is also without foundation in truth.'

THE AMENDED CONSTITUTION OF THE STATE.—We have received from James H. Enniss, publisher and bookseller, of this city a copy of the "Amended Constitution of North Carolina, being the first forty-two pages of a new and valuable work, soon to issue from the press, entitled Busbee's North Carolina Justice and Form Book.

The book is designed as a practical Manual for Justices of the Peace, County Commissioners, Clerks, Constables, Sheriffs, Township Boards of Trustees and other officers. It will also contain many important and legal torms in general use by professional and business men, such as agreements, assignments, bonds, bills, contracts, deeds, liens, leases, mort-gages, notes, wills, etc., the whole arranged and drawn in strict conformity to the present statute laws of North Carolina, inclusive of the laws passed by the last General Assembly. Such a work is much needed and will be of great service and convenience to county officers, attorneys, merchants and tradesmen, in fact to all men who have occasion to use legal forms and require a reliable and standard authority. Price of half bound edition \$2. Full sheet edition \$2.25.

PASSED AWAY.-During the past several months we have had occasion to record the death of many of our oldest and most esteemed residents. They have passed away, but their virtues and good deeds are lasting monuments to perpetuate their mem-ory in the hearts of true and loving friends and relatives. Among the number who have died during the time mentioned above we may name Mr. and Mrs. James Litchford, Captain Lawrence, Major West, Mrs. Whitaker, Mrs. Taylor, Mrs. Hansen, Rev. Dr. Mason and Mrs. W. H.

ONE HUNDRED POUND

ONE HUNDRED PO

THE LATE REV. DR. MASON-A TRIBUTE OF RESPECT.-At a meeting of the Bishops and Clergy in attendance at the funeral of the Rev. R. S. Mason, D. D., held at the Rec-R. S. Mason, D. D., held at the Rectory, there were present the Rt. Rev. Thomas Atkinson, D. D. L. L. D., Bishop of the Diocese, the Rt. Rev. Theo. B. Lyman, D. D., Assistant Bishop Rev. E. M. Forbes, Rev. A. Smedes, D. D., Rev. J. E. C. Smedes, Rev. G. W. Phelps, Rev. B. Smedes, Rev. M. M. Marshall, Rev. C. J. Curtis, Rev. E. N. Rich and Rev. J. W. Larmour. PETTY & JONES.

Larmour. The Rt. Rev., the Bishop of the Diocese, stated it to be the object of the meeting to take action in reference to a suitable expression of its sense of the loss sustained by the Church, the Diocese, the Parish and the community, in the death of the Rev. R. S. Mason, D. D., the venerable and beloved Rector of Christ

Church, Raleigh.
The Rev. J. W. Larmour was requested to act as Secretary. On motion of the Rt. Rev. Bishop

Lyman, it was resolved to appoint a committee to prepare a suitable minute: The Rt. Rev., the Bishop of the Diocese appointed as said committee,

the Rev. Dr. Smedes, the Rev. E. N. Rich and the Rev. C. J. Curtis. The Committee retired, and shortly afterward returned and reported the following minute:

The Bishop, the Assistant Bishop, and a portion of the other clergy of the Diocese of N. C. having been brought together from their respective fields of duty to follow to the grave the remains of their venerated and beloved brother, the Rev. Dr. Richard Sharpe Mason, feel that they ought not to seperate without some expression of the sentiments which the occasion has awakened in their minds, and in which, they are sure, that they will have the hearty concurrence not only of our own Dio-cese, but of the whole Church in this country.

First: We heartily thank our Heavenly Father that it pleased him to crown the prolonged life of our de-

Secondly: Among the many traits of his character which we recall with pleasure we remark especially his 'simplicity and godly sincerity." Though the last person to boast of himself, he might have said with Obadiah, "I thy servant fear the Lord from my youth;" or it might be said of him as of Nathanael, "Behold an Israelite indeed in whom there is no guile;" or he might have sat for the picture which David has drawn in his 15th Psalm: "Lord who shall dwell in thy tabernacle, or who shall rest upon thy holy hill? the truth from his heart;" or he might be supposed to have most successfully modelled his life after the wonderful pattern the Apostle has given us: "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be

any praise, think of these things." Thirdly: While thus the moral integrity of our brother made him a light and a guide at a time when such an example is especially needed. and evinced the genuineness of his religious belief, his soundness of doctrine, his faithful maintenance of the 'truth, the whole truth, and nothing but the truth" as embodied in the standards of the church to which he had vowed his allegiance, no less entitled him to our respectful and grateful recollection.

He was a Churchman of the School of Hobart and of Ravenscroft. "No novelties that disturb our peace" ever found in him a moment's toleration. 'Rooted and grounded in the truth as it is in Jesus," and thoroughly master of "the reason of the faith that was in him," he stood in the pulpit, in the Diocesan Convention, and in the General Council of the Church, "a workman that needeth not to be ashamed, rightly dividing the word of truth." Fourthly: Feeling how inadequate

any tribute of such an occasion as this must be to the memory of such a man, we the Assistant Bishop, and the other clergy present, respectfully and earnestly request our honored Bishop to prepare a fit memorial of our departed brother, to be delivered at our next annual Council.

Fifthly: We feel a sincere sympathy with the congregation whose pastor and father, after serving them for longer than a generation, has been taken from them. Their Church shrouded in mourning, their tears, their sorrowful faces, attest their genuine grief.

May they have grace so to recall the instructions they have heard, and the pure example, itself a daily sermon, which they have beheld, that they may be his "joy and crown of rejoicing in the day of our Lord Jesus Christ at His appearing." Lastly: We devoutly and earnestly

commend the widow and the children of our departed brother to the gracious keeping of the Husband of the widow and the Father of the fatherless. They only can fully appreciate all, that in the removal of our brother, God has taken to Himself. May the blessing which the dying

husband and father was enabled to invoke upon the head of each member of his household kneeling at his bedside, bear precious fruit in all their earthly pilgrimage, and at length have its perfect consumma-tion in the reunion of all of them in the blessed region where tears and partings are unknown.

After the reading of the above

THE BUREAU OF IMMIGRATION, STATISTICS AND AGRICULTURE.—We learn that the Secretary of State, W. H. Howerton, Esq., will call a meeting in this city of the State Board of Immigration, &c., on Friday, for the purpose of establishing a Bureau of Immigration, Statistics and Agriculture, in connection with the office of Secretary of State. We hope that the meeting will be a full one, and that wise, prudent and foresighted measures will be inaugurated to secure reliable labor from abroad to help us develope our ample and varied resources. The following law on the subject was enacted at the recent session of the General Assem-

WHEREAS, The Constitution of North Carolina Article 3, Section 17, provides, "There shall be established in the office of the Secretary of State, a Bureau of the Agriculture Statistics and Immigration, under such regulations as the General Assembly may provide." And, whereas: The peo-ple of North Carolina, laboring under so many disadvantages for the want of means to develope, and make known the great resources of the State, and deeply interested in having these objects more fully attained, are desirous of manifesting to the people of every section of this Union, and those beyond its borders, a willing-ness to offer them a safe and secure Asylum within its broad limits: And, whereas: It is the opinion of this General Assembly, that the people of the State of North Carolina greatly desire and will hall with delight the coming among us of all persons from the Eastern, Western and Northern States, or other countries, to assist in utilizing, developing and building up the vast mineral, agricultural and manufacturing resources of the State; that kindness, sympathy and protec-tion will be extended to all such as desire to become citizens, or to invest

capital among us.

SECTION 1. The General Assembly of North Carolina do enact, That the Secretary of State, the State Geologist, the Commissioners of Immigration, David G. Worth, of New Hanbe ousted at the next election for the horrid condition in which Wilmington street is allowed to remain.

At present there are 433 prisoners in the Penitentiary. Since the opening of the institution 800 or 900 convicts have been received. During the present year the terms of 96 contractions of the present year the terms of 96 contractions of the protonged life of our depoint of our departed brother, with a death so calm, so trustful, so humble, yet so confiding, as to give assurance that it was the "peace" that is the "end of the Penitentiary. Since the opening of the institution 800 or 900 contractions of the perfect and the upright man," that to him, "to live was Christ and to him, "to live was Christ and the perfect and the upright man," that to him, "to live was Christ and the perfect and the upright man," the perfect and the upright man, "to live was Christ and the perfect and the upright man," the perfect and the upright man, "to live was Christ and the was gain."

Secondly: Among the many traits kins, President of the Raleigh Gaston and Raleigh & Augusta Air Line Railroads, E. M. Holt, Esq., of Alamance county, Col. Wm. John ston, of Mecklenburg county, and Col. Edwin J. Alston, of Buncombe county, shall constitute a Board of Immigration, &c. The Secretary of State, by virtue of his office, shall be President of said Board, with some member of the same as Secretary, to record their proceedings, and to make a report to the General Assembly. SEC. 2. The Secretary of State is authorized to supply such numbers of printed copies of this act (with any may be deemed necessary by the Board, and distribute the same in such manner as may be directed, to the end that the cause of immigration may be promoted, Provided, The expense incurred; shall not exceed two hundred dollars.

FOLLOW THE EXAMPLE.-We are plased to learn that the two Masonic lodges of this city-Hiram and W. G. Hill-have subscribed \$100 each, for five years, to the support of the Oxford Orphan Asylum. The benevolent people of the State should remember that the State Legislature refused aid to this institution, and it is therefore entirely dependent upon private contributions to get along. We sincerely hope that our people, in every portion of the State, will respond promptly and liberally to the appeals made to them to extend the sphere of usefulness of this noble charity. The necessities of the little ones fed, taught and sheltered in this institution, appeal to the tenderest impulses that find a place in the human bosom. How any parent, with means at his or her command, can refuse to contribute to the support of this Asylum, we do not see.

MEETING OF THE DIRECTORS OF THE INSANE ASYLUM.—A special meeting of the Directors of this Institution was held yesterday at the Asylum buildings. The object of the meeting was to take action in regard to the finances for the present year. The institution is now about \$8,000 in debt, and it is thought that the appropriation of \$65,000 made by the recent General Assembly, is inadequate to defray the necessary expen-ses until next January, as the present indebtedness is to come out of it. We learn that the Board decided to make the present appropriation go as far as it would, and depend upon the next Legislature to make up the deficit.

Mr. J. T. Pool was elected a member of the Executive Committee of WARRANT OF DELIVERY .-- On

Luesday afternoon, on the requisition of Gov. Kemper, of Virginia, a warrant of delivery was issued from the Executive Department for the rendition of Geo. Fresh, now in jail in Salisbury, charged with stealing a horse some time since from a Catholic priest at Wytheville, Va. Fresh passed under several aliases, viz: Vincent Ramean, Victor Ramean and Victor Norwood. Mr. Umberger, the agent of the State of Virginia in this matter, arrived in this city Tuesday afternoon by the Raleigh & Gaston Railroad, got his warrant and left on the 6:40 train for Salisbury.

SEA FOWL AND BRADLEY'S SUPER PHOSPHATE.—Farmers will consult their interest by reading the advertisement in another column, of the Sea Fowl and Bladley's Super Phosphate, which fertilizers' are represented in this city by Messrs. Stronach Bros. The standard reputation of these fertilizers is too well known to need any commendation at our hands. It will be seen that these gentlemen are prepared to comply with all the requirements of the late law regulating lertilizers.

THE NEW BOARD OF DIRECTORS FOR THE PENITENTIARY.—The new Board of Directors of the Peniten-Board of Directors of the city on Tues-tiary will meet in this city on Tues-law part and organize. We learn day next and organize. We learn that S. N. Martin, Esq., of Wilmington, confirmed by the Senate as a member in place of G. W. Welker, of Guilford, has signified his acceptance of the position. The new Record ance of the position. The new Board is comprised as follows: Messrs. J. R. Harrison, J. S. Allen, J. M. Coffin, S. N. Martin and Stewart Ellison.

THE SAN FRANCISCO MINSTRELS.-This Company performed last night at Tucker Hall to a good audience. It is decidedly the best minstrel troupe we have ever seen in this city, and we would advise all persons loving fun and desiring to hear good. ing fun and desiring to hear good music, to go and see them to-night as it is Billy Berch's birthday. Every one can go without fear of being shocked, as the performance is entirely chaste.

LONG.—Mrs. A. R. Long, wife of Rev. D. A. Long, at the residence of her father, in Graham, N. C., on Monday the 23d inst. She was about 26 years of age.

DRY GOODS.

NOTIONS. BOOTS, SHOES,

HATS.

Our Senior Partner has just returned from New York where he has been for sevdays making purchases at panic prices, to supply the deficiences in our stock made by our unexpectedly good trade this season. In returning our thanks to our patrons, we say to them and the public, that our late purchases were made at a very great decline, and that we are now selling our stock at such prices as to justify us in saying that such bargains have not been offered since the war.

We have a good supply of Burt's, Ziegler's and Bay State hand-made shoes and gaiters for Ladies, Misses and Children. Also, for gentlemen, Canfield's, Porter, Day & Co's., and Burt's single and double soled calf gaiters and boots, which we offer at very low prices. All wishing to purchase will not regret calling and examining our stock and prices. We sell for CASH and have fixed our prices on a cash basis. Therefore those buying of us do not help bear any risks for bad and slow debts. Very liberal prices to merchants buying in this market.

We have just received some very late

market.

We have just received some very late styles of hats, including Opera, Snewflake. Chesterfield and Clementine.

... Managing Editor. JORDAN STONE, WE ARE indebted to Hon. A. S. MERRIMON for copies of the Congressional Globe and other courtesies. The Globe of last Saturday contains an interesting speech from Senator MERRIMON upon his amendment authorizing the expansion of the currency \$40,000,000.

AT THE municipal election in Frederick City, Md., on Monday, the Democrats carried the Mayor and eight of the fifteen members of the Council. Three years ago the Republicans elected their Mayor by nearly two hundred majority.

MINNESOTA has experienced a little of the political corruption of the times. The late Auditor of the State was a poor man two years ago. His salary was three thousand dollars. He is now worth several hundred thousand dollars. It is said he will be prosecuted for fraud.

It is a sad story truly told when the New York Journal of Commerce says: "The South Carolina government is the worst in the world. In knavery and corruption it is as bad as the TWEED regime, and it superadds a density of ignorance to which the old New York Ring was a stran-

THE women who were expelled from the Boston School Board have pleaded their case successfully before the Supreme Court of the State, and can now go back to their intolerant associates, backed by its decision that gives women an equal right with men to sit on the School Board.

THE Metropolitan Total Abstinence Union of New York State, recently in session in New York city, adopted resolutions disclaiming any confidence in the women's crusade, as it depended on public excitement, and urging instead a religious abstinence movement as the true cure for intemperance, by bringing the appetite under religious control.

SENATOR THURMAN, despite his protestation last summer of an intention to resist the efforts of eastern capitalists to force an immediate return to specie payment, was auspiciously absent when the vote was taken upon the amendment of Senator MERRIMON looking to such an inflation of the currency as would make the amount of circulating medium \$400,000,000. We hope his Presidential aspirations had no influence in causing his absence.

HERE is a fine expose of the charlatanism, which lies at the bottom of the women's war on whisky in Ohio. A cotemporary says: "'A fifty-dollar reformer,' is what they call Dio Lewis, since the peregrinating doctor war for less than the stipend of fifty dollars per diem. It is said he does nothing himself except to plan the raids from one country town to another. In other words, he 'enthuses the women' at fifty dollars per diem, and, as a consequeuce, stops usually but one day in a place. If he stays two, then he delivers a lecture to the women, for which he gets one hundred dollars extra."

A special Washington dispatch to the Baltimore Sun says that the Judiciary Committee of the House of Representatives has agreed to report a bill authorizing the Secretary of War to compromise the claims of the Government against the Southern Railroad, indebted to it upon exceedingly liberal terms. These debts were contracted for machinery and rolling stock. At the time of the sales, STANTON was Secretary of War and the prices charged are said to have been exorbitantly high. The road, being at the mercy of the government, were forced to buy at its terms. The proposition now is to scale the debts to an amount equal to a fair value of the material purchased.

"THE short and simple annals of the poor"find fullest expression in a statement made by the Petersburg Index-Appeal of Tuesday, to the effect that it is asserted that there are between one hundred and two hundred ablebodied young men in that city in want of the necessities of life and unable to obtain employment. These men are willing to work, and yet, according to the statement of our contemporary, they are compelled to beg for bread. And that statement tells but half the sickening tale, for it is highly probable that many of those destitute have wives, or mothers, or daughters, or sisters dependent upon them for support. Surely the generous people of the Cockade City, who have the ability have also the willingness to relieve the distress of these unfortunates.

THE contested election case of SYKES against SPENCER, from Alabama, seems likely to give the Senate some very difficult questions for decision. The facts, as developed by the testimony produced before the Committee on Privileges and Elections, are that when the uncontested returns of the election of members of the lower House of the Legislature of Alabama were counted, it was found that 47 Democrats and 47 Re- ing to the rules of civilized warfare, publicans had been returned. Six and the sentiment of the North being county, but the legality of the return charged. was questioned, the Republicans

claiming that they had received a majority of 300 in the county. Howeverthis may be, the returning officer gave certificates of election to the Democratic candidates, who had, therefore a prima facie right to the seats. When the time for the assembling of the Legislature arrived the Republicans refused to join in the organization of the Assembly, and organized a separate body known as the Court House Legislature. The Democratic members retained possession of the State house, but neither body had a quorum without the presence of the Barbour delegation. The Democratic Legislature admitted the Democrats from Barbour upon the certificates they held, while the Republican assembly ad-

mitted the contestants. While this condition of affairs continued Mr. SYKES was elected to the Senate of the United States by the Democratic members, and Mr. SPEN-CER by the Republicans. The question which the Senate is to decide is, which is legally entitled to represent the State of Alabama in that body. It should have been stated that subsequent to these elections the two bodies fused under the advice of the President and Attorney General, and that after the fusion the Republican | ing his views in an attractive and inmembers from Barbour contested and

were admitted. Technically, it is said, that Mr. SYKES is the Senator from Alabama for this term, because the Democratic delegates from Barbour were entitled to seats, by reason of their certificates. until by contest, the contrary was shown. Being so entitled, their acts as legislators were altogether valid and legal, the votes given for SYKES being as valid and binding as any the Constitution of Massachusetts | given in the ordinary course of legis-

> On the other hand, in the case of respective legistures, the Supreme Court of Alabama has decided that the person chosen by the Republican, or Court House body was the lawful printer upon the ground that the Republican delegates from Barbour were the legally elected members from the beginning, and that their acts as members of the Court House Legislature were valid and binding. The subject is one of interest, presenting questions both new and delicate in their character.

THE LAST number of the Charlotte Southern Home contains a biographical sketch of Hon. Z. B. VANCE, taken from a recent number of the Baltimorean, the latter paper publishing the sketch just previous to the recent delivery of the address by Gov. VANCE in Baltimore, upon the subject of the "Scattered Nation." The sketch is prefaced with a goodsized photograph of the Governor, which is much like that gentleman. We would be pleased to publish the sketch entire had we the space, but must content ourselves with the following extract, recounting his life from the time he entered Congress In Congress, he was an active and watchful member. He took sides strongly and labored earnestly against secession, at the same time warning the country against coercion of the Southern States by force of arms. His appeals for the Union in Congress and before the people, were earnest and powerful, but when Sumter was fired upon, like nearly all the leading Union men of North Caro-lina, Badger, Graham, Ruffin, Gil-mer, and others, believing in the right of revolution, he cast his lot with his native State, and took up arms against the Union.

Whatever Mr. Vance does, he does with all his might. He was one of the earliest volunteers, marching to the seat of war in Virginia as a Captain, in May, 1871. It was not long before his promotion came, he having been elected Colonel of the Twentysixth Regiment of North Carolina troops, in August, 1861.

He was among the brave fighters who drove McClellan to his ships in the James, and he brought his regiment off safely, when Branch's little army was overwhelmed by Burnside at Newbern. He shared cheerfully all the hardships and dangers of his

He was a faithful and gallant officer, and civilians and soldiers united in the demand that he should be the next Governor of North Carolina. He was chosen by an overwhelming majority in 1862, and two years later by a similar vote, over the late Gov-ernor W. W. Holden.

As Governor of North Carolina in those troublous times, Mr. Vance displayed talents for which his most ardent admirers had not given him credit. Blessed with a strong frame and hardy constitution, he was able to go through an incredible amount of hard work, mental and physical. He exhibited administrative and executive powers of the highest order.

During 1864, there sprang up in North Carolina a reactionary party headed by Holden and others, composed of those who despaired of the success of the Confederacy. But Gov. Vance took the ground that the power of making peace had devolved on that government and that any separate State action would bring not only disgrace, but ruin to the State. He therefore struggled with unfaltering constancy for Southern success until the surrender of Gen. Johnston

He now laid down his office with dignity, conscious that he had done his best, and that the defeat of his plans was the act of God. He renewed his vows of allegiance to the general government, thenceforward to contribute all that in him lay to the advancement of his native State and the dignity and glory of the Union.

to Gen. Sherman.

He was arrested after the close of the war, and suffered imprisonment at Washington, on account of his prominence in the struggle, but on examination of his letter books and other documents it was found that his conduct in the struggle was accordmembers were chosen for Barbour against personal punishment for treason, he was honorably dis-

Gov. Vance then returned to the feb 8-3m

practice of his profession, making

Charlotte his home. In 1870, he was elected Senator of the United States, but on account of the disabilities imposed by the 14th amendment to the Constitution, was not allowed to take his seat.

In 1872, he was the nominee of the Democratic party of the Legislature for the same high office, but was defeated in the election by a coalition between a few friends of Judge Merrimon and the Republicans. He received his degree of L. L. D., from

Davidson College in 1867. Gov. Vance is a married man, and has four children. He is exceedingly loveable in private life, has more warm, personal friends, probably, than any man in North Carolina. He is an especial favorite with those excellent judges of a kind heart-ladies and children. He bubbles over with fun and anecdote. His mots are quoted throughout the State. "Have you heard Vance's last?" is a common mode of commencing a jovial conversation. Still he does not neglect the serious business of life. Although he devotes most of his attention to the study of State craft and politics in the larger sense, he prepares his law cases well, and is a first rate Nisi Prius lawyer. Heis distinguished as a lecturer, and is often called on by literary societies and by those desiring to aid charitable institutions by receipts at the door of the lecture hall.

He has found time to read much on nistorical, social and political subects, and has the power of presentteresting manner, and clothed in strong, sturdy English.

In conclusion, we must add what it would have probably been deemed almost insulting to a public man to have mentioned in the earlier days of the Republic, that in the course of so eventful a political life there has never been any charge against Gov. Vance's integrity. No suspicion that he has ever changed his views in order to receive promotion; no whisper that the money of any "ring," railroad or otherwise, has stuck to his palms.

He is a fine specimen of a straightforward, bold, plain-spoken, anti-Republican politician, who seeks for his success by convincing the reason rival State printers, appointed by the | and winning the hearts of the people.

May his example be contagious. As Mr. Vance is a vigorous, live man of forty-three years of age, the the country will no doubt see more of him hereafter. His growth is not yet reached.

THE TWINS .- The New York Herald's Philadelphia correspondent states that the bodies of the Siamese Twins are to be placed on public exhibition. The letter says:

"There is no further use of denying what has already been indirectly hinted at-namely, that from the time the twins passed from under the knife they became the common property of the country and the world. When the last curious scrutiny of science shall have been satisfied, and when one scans no more the columns of the daily papers to learn the mysterious secrets of their union, the two, in public halls and theatres, will be exposed to view, and as the living journeyed from place to place, so will the dead hither and thither be freighted. The strict and stringent contract with the family made known through your columns indicates this, and every stage of the autopsy has been carried on with such intent. The sympathetic and somewhat cultured disposition of the eldest daughter shudders and revolts at this, and the voices of their children cry loudly out against it; but the wives of the twin wrong for the sake of gain, seem to be determided, and once again the Siamese Twins will appear to the world, not as living, breathing souls— a strange freak of nature—but as dull and stark corpses—corpses rendered interesting only because of the sensation of a slow and weary post-mortem."

FERTILIZERS.

FERTILIZERS! FERTILIZERS!

No. 1 Peruvian Guano, [Guanape.]
Soluble Pacific Guano.
Lister's Standard Super Phosphate of Lime.
Whann's Rawbone Super Phosphate of Lime.
Lister's Pure Ground and Dissolved Bone.

We again offer to the Planters of North Carolina, the above named HIGHLY approved Standard Fert.lizers. Standard Fertilizers.

These Guanos have been used season after season, and have uniformly given satisfaction, and we consider it unnecessary to give here any high sounding chemical analyses to induce the prudent farmer to use them, as the experience of several years bear testimony in the most sati factory manner as to their real merit and reliability.

In the above we are offering Fertilizers that can be relied upon, and no one need take the great risk of experimenting with anything new and entirely unknown, because it is offered at an apparently low price.

PRICES:

Soluble Pacific Guano, Cash \$50. Lister's Standard Super Phosphate, Cash \$50. Whann's Rawbone Super Phosphate, Cash \$55.

Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$60

It is an admitted fact, confirmed by many years of experience, that an ordinary application of approved Standard Fertilizers to Cotton and Corn increases the yield to double the production of the same soil unfertilized. This statement is not exaggerated; on the contrary the results more frequently exceed than fall short of the above increase.

SPECIAL TERMS:

We will sell a limited quantity of SOLUBLE PACIFIC GUANO and LISTER'S STANDARD SUPER PHOSPHATE OF LIME for a bale (400 pounds) of Cotton per Ton, and WHANN'S RAWBONE SUPER PHOSPHATE OF LIME for a bale (450 pounds) of Cot-

PAYABLE NOVEMBER 1st, 1874.

We guarantee all FERTILIZERS sold by us to be FREE FROM ADULTERATION. Our Fertilizers can be procured of our Agents at various points in the State. Send us your orders early and we will give them prompt attention.

HYMANS & DANCY,

Cotton Factors & Commission Merchants, NORFOLK, VA.

THE STAR AMMONIATED SOLUBLE PHOSPHATE.

THE BEST AND CHEAPEST FERTILIZER IN USE.

We are now prepared to furnish this justly celebrated Fertilizer to the farmers of North Carolina, for cash or on time. We sell it for less money than any other standard Fertilizer can be bought for in this State, and as a proof of its superiority to any other kind in use, we give a few certificates below from some of the best farmers in the State,

A. C. SANDERS & CO.,

SOLE AGENTS, RALEIGH, N. C.

MESSRS, A. C. SANDERS & CO., Raleigh: NEAR RALEIGH, N. C., December 13, 1873. Dear Sirs—The Star Phosphate bought of you last Spring acted exceedingly well on my plantation, and I think it a No. 1 Fertilizer, and shall use it altogether next season.

Yours truly,

WILLIS H. WHITAKER.

WAKE COUNTY, N. C., December 21, 1873. MESSRS, A. C. SANDERS & CO., Raleigh: Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring on my plantation, and it turned out as well, if not better, than either of four other standard Fertilizers that I used. I wish you to reserve me some for next season.

Yours truly, RUFUS I. IVEY.

WAKE COUNTY, N. C., December 24, 1873. MESSRS. A. C. SANDERS & CO., Raleigh: Gents-I am very much pleased with the Star Phosphate! bought of you last Spring, cheerfully recommend it ball farmers, as the best Fertilizer I ever used. It acted

Very truly yours, KIMBRO JONES. FRANKLIN COUNTY, N. C., December 22, 1873. MESSRS, A. C. SANDERS & CO., Raleigh: Gentlemen—I cherfully recommend the Star Phosphate I bought of you last Spring. It is, in my opinion, as good as any Fertilizer I ever used and I think all farmers would do well to try it.

W. K. DAVIS. BEAUFORT COUNTY, N. C., December 29, 1873.

MESSRS. A. C. SANDERS & CO., Raleigh: Gentlemen—I am so well pleased with the Star Phosphate I bought of y u last season that it gives me pleasure to recommend it to the farmers of North Carolina as a No. I Fertilizer. I consider it equal to any I ever used, and shall use it altog ther next

RANDGIFT CONCERT

NORTH CAROLINA.

Wilmington is now healthy. Tobacco sells well in Oxford. Shad is now plentiful in the New-

bern market. The Granville county jail has four

horse thieves in it. The Grangers have gone vigorously

to work in Onslow county. Monroe is proud of having an old Greek Bible printed in 1796. Drunken nurses toss children about

on the streets in Wilmington. Spring flowers are dispelling their fragrance in and about Wilmington.

The City Court of Wilmington on Monday imposed \$60 worth of fines. The San Francisco Minstrels made a favorable impression in Wilming-

Corn sells in Rutherford county at 75 cents per bushel on six months

The tobacco crop of McDowell county is expected to be increased Rev. D. McGilvary will lecture in

Hillsboro this evening on Siam and Sheep killing dogs are working much mischief in various parts of

the State. Two-thirds of the requisite amount has been raised for the Wilmington

Seaside Rallway. A lodge of Good Templars has been established at Rockingham, Richmond county.

The Torchlight says that the Senior is engaged in writing a story. It is just as bad to write them as to tell them.

Col. David Settle is spoken of prominently as a candidate for the solic-itorship in the Rockingham Judicial The Wilmingtonians have the hope

of a \$150,000 appropriation from Congress for the benefit of the mouth of Cape Fear.

The Congressional aspirants in the 3rd District now number 999. All willing to fatigue themselves for the good of the dear people. A number of the male members of

St. John's Church, Wilmington, have organized a "Church Guild," having for its object the liquidation of the debts of the Parish. The Wilmington papers are still harping on little Miss Putnam. One

of them announces with great satisfaction that the lady decorates her petite person with \$30,000 worth of diamonds. The Wilmington Post is simple

enough to suggest the propriety of returning borrowed books. We shouldn't be surprised if it did not make some such proposition about u ubrellas next. On Sunday night the store of

Messrs. Moore & Lilly, located near the Navassa Guano Factory, Wilmington, was destroyed by fire. It is supposed that the store was first robbed and then set on fire. Says the Wilmington Star of the

24th: "The death of Steve Lowery has revived speculation concerning the fate of his brother Henry Berry the leader of the band. The weight of testimony, though almost purely circumstantial, seems to favor the conclusion that he is dead; but there are many who express very grave doubts on the subject. Some even go so far as to state, as the result of honest conviction, that he was spirited away by Henderson, the *Herald* correspondent, who spent some time with the bandits and who discovered charms in the "Queen of Scuffletown" that were not palpable to those who knew her best.

Our own impression is that Henry Berry Lowery is as "dead as Hector," and that he died by his own hand while attempting to draw a charge from his gun. But, dead or alive, he will never return to the theatre of his bloody deeds in the county of Robe-

A ROMANCE IN REAL LIFE.—During the season at the Greenbrier White Sulpher Springs love-making is among the sentimental activities, and the following, from a journal published in that county, shows that Cupid is not idle when the fashionable "world" is absent:

On Wednesday morning of this week, at daylight, while a heavy snow storm was prevailing, Mr. Jas. F. Sydenstricker and Miss M. A. Whiteman were, by special request, united in the bonds of matrimony on horseback, in the public road, near the White Sulphur Springs, by the pastor, Rev. Mr. Highley. The party had ridden twelve miles to meet the officiating clergyman at the place designated, and after the ceremony was performed they retraced their footsteps, apparently indifferent to congratulations, cakes, cards, calls, or anything of the kind.

The absence of the Princess Louise and the Marquis of Lorne from the recent marriage ceremonies at St. Petersburg is thus explained: The princess would not expose her husband to mortification, as etiquette forbade him a seat at the Emperor's table, and therefore she remained away. A previous experience at Ber-lin, where the Marquis was excluded from a State banquet because he is not of royal blood, was her motive to a noble and wifely courtesy.

Which shall make the fire in the morning? Positive inability to settle this momentous question has caused the honeymoon of a fresh couple in Northampton, Mass., to wane prematurely. She has returned to the parental fold. He has taken a tremendous dose of laudanum, but having recovered he now knows perfeetly well which must make the fire in the morning, if it is to be kindled

A certain Elder Gordon in Kentucky states in the newspapers that he has labored as a minister of the Gospel for thirteen years-has traveled over several mountain counties, has baptized over 1,000 persons, and has, during all this period of hard service, received only \$10—"given me by Greasy Creek Church."

Fourteen fathers in Quincy, Ill., have signed a pledge not to allow their daughters to take music lessons until they know how to make good

A Connecticut husband lately sought for divorce on the ground that his wife "did throw cucumbers in his face, because he helped himself too libertifells."

WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1873. To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a douot. Containing, as it does, in such large amounts, the essentials for plant food, success from its application would seem certain. It being of animal origin, you will see at once that its ingredients must be all scluble in the soil. Its nitrogen, from nitric acid, is the most available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the volatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly,

WM. R. GRIFFITH, General Agent.

THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

GUARANTEED ANALYSIS.

Ammonia, from both Nitrogen and Nitric Acid....... Bono Phosphate of Lime..... LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA: Raleigh, N. C., January 7th, 1874.

Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Petersburg, Virginia:
Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Cher i al Minerologist to the Geological Survey, and has no superior as a chemist. I have no he itation in endorsing any analysis from his laboratory. And I think the analysis justifies his statement that the substance examined by him is a VALUABLE MANURE. From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high.

Yours truly,

W. C. KERP. State Geologiet.

W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public: LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,
Baltimore, December 1st, 1873.

MAJ. N. M. TANNOR, President Guanahani Guano Company, Petersburg, Va.:
Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it ex cedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimilable by plants. It contains potential ammonia and nitric acid, having a combined Nitrogen value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of Sulphate of Lime. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tillage, must, in my opinion, give as good results as any guano offered to the farmer.

Being of animal origin, the organic matter has undergone partial decomposition, and it necessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizers which are compounded large y of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little er no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market. All of the components of this Guano are very soluble in the soil, and possess such physical properties as to render it at all times and under all circumstances as in mediately available plunt food.

available plant food.

The late samples you sent mediately available plant food.

The late samples you sent mediately available plant food.

The late samples you sent mediately along the property of the late samples you sent mediately analysis, from the deposit which you inform me you intend to ship from, show a decrease in the phosphatic value, but a large increase in its nitroges compounds. I think, however, from previous observations of carçoes, that you may reasonably expect, that cargoes taken from where these samples were drawn, will materially improved in the saline compounds, (phosphates alkalies and magnesia.

Respectfully, &c.,

P. B. WILSON, Analytical and Consulting Chemist.

...1.77 per cent. Having a Nitrogen value equal to Ammonia... .. 42.37 per cent. .. 9.36 per cent. ..15.28 per cent.

P. B. WILSON, Analyt. and Consulting Chem. UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1873.

......52.30 per cent.

Maj. N. M. Taannor, Petersburg, Va.,

DEAR SIR: In compliance with your request, I have analyzed sample of "Guanahani Guano," and have made additional examination of an average sample from a lot of 300 tons, the result of which, I beg to embrace in the following: The Guano is a brownish powder, with lumps of combinations of lime with Carbonic, Phosphoric and Nitric acids. It contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent. of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent. wa found. All the nitrogen present would be equivalent to about 3½ per cent. of ammonis. The phosphoric acid in the Guanos about 12½ per cent., equal to 27 3 per cent. of bone pho phate. A considerable quantity of the phosphoric acid, however, is present, as so-called neutral phosphate of lime, which, being slightly solt-ble in water, renders the Guano as quick in its action, as a corresponding quantity of superphosphate would do. The small per centage of potash, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

F. A. GENTH.

UNIVERSITY OF PENNSYLVANIA,
West Philadelphia, Nov. 28th, 1873.

To N. M. TANNOR, President Cuanahani Guano Company, Petersburg, Va.
Dear Sir: The sample of Guano analised in compilance with your favor of 21st and 25th, for phosphorie, nitric and sulphuric acids, and ammonia, potash, soda, lime and mag: esia, centains as follows:
Phosphorie Acid,
Nitric Acid,
Nitric Acid,
Sulphuric Acid, exist that it is a valuable manure.
Yours truly,

CERTIFICATES:

STATE OF MARYLAND, TREASURY DEPARTMENT,
Comptroller's Office, Annapolis, September 29th, 1873.

E. T. Wroth. Esq., Baltimore, Md.;
Dear Sir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent. I did not apply any other Guano. I applied
Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appearances of the crep indicated.

Please send me a bill for Guano, and I will send you a check.

I am, very truly, in haste, yours, &c.,
LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873.

Mr. E. A. DUNLAP.
Γ'ar Sir: The extraordinary character of the season (a rain almost every day,) puts it wholly out of my power te form an estimate of your Guano. The crops of cern and rutabagas to which it applied, look very fine.

Yours, truly.

WM. SMITH. Bethel Academy, Fanquier County, Va., July 24th, 1873. Mr. E. A. DUNLAP,
Dear Sir: I used your Guano on my wheat last fall, and I am highly pleased with it.
Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and the best stand of grass I ever had, and this is the opinion of those who have seen both, notwithstanding the unfavorable winter and early spring. I shall use it again this fall.

Yours,

This crop of wheat, 28 bushels to the acr. was noticed in the Warrenton and Alex-

GUANAHANI GUANO!

GUANAHANI GUL andria papers, as the finest crop in Mr. Smith's county. | Warrenton, Va., July 17th, 1873.

I used your Guano on wheat last year, and consider it equal to any grano I ever used It pleases me well.

LEWIS SHUMATE. Bethel Academ, Fauquier County, Va., November 12, 1878.

E. A. DUNLAP, Esq.,

Dear Sir: If I could have made collections, I certainly would have used two tons o
the Guano you sent me this fall.

I consider it better for wheat than any other Guano that has been used in this county Respectfully yours, M. C. BLACKWELL.

Raltimore, December, 1273.

Mr. E. A. DUNLAP,

Dear Sir: The Guano purchased from you, was used upon come by the side of one of the best ammoniated soluble phosphates in the market. The quality of the land was the same as was the quantity of guano and phosphate used. The corn where the Guano was used appeared to start sooner, and in the fail was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, &c.,

Late firm of Neale, Harris & Co., Commission Merchants.

We, the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore. Cheston, Near Queenstown, Md., August 18th, 1873.

Cheston, Near Queenstown, Md., August 18th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your favor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fair. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field was generally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point,) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points, at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, I judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

WM. HENRY DECOURCY.

Baltimore, November 17th, 1878. E. A. DUNLAP, Esq..

The Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre.

Of E. D. Hoopes & Co., 226, 228 & 230, Fenn. Avenue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c. Somerset County, Md., Westover, August 8th, 1873.

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of ** * * * 's Raw Bone Super-Phosphate, at the rate of 150 lbs. to the acre, of each. Whilst growing, I, nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as * * * * * * 's, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours. Somerset County, Md., Westover, August 8th, 1873.

Very respectfully yours, THOS. SUDLER

Mount Airy, Carroll County, Md., November 18th, 1873. WM. R. GRIFFITH, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guano. But Maj. A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can see no difference in their grain wherever it is up sufficient
to judge. By the Spring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,
I am. truly yours.

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Va., November 15th, 1873.

W. R. Griffith, Esq.,
Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Gualo, from Mesars. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October. I was very careful in the application, leaving two strips of land through the field; one of an acre, the other two acres. The one acre strip was manured with **** Phosphate. The two acre strip was in tobacco, heavily manured with stable manure and **** Tobacco Fertilizer. I also added a strip of very poor land (stabble) on one end, three-fiths of an acre. Upon this I applied 100 lbs. of Guanahari, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sown upon this three fifthscrip.)

The season has been favorable, and the young wheat is looking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied hat the Guano is acting upon this strip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, but will carefully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES. San Marino, Dinwiddie Co., Va., November 15th, 1873.

Messrs. Rowlett & Tannor,
Dear Sirs: In reply to your inquiries in regard to the Guanahani Guane, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wheat. So far. I am vary much pleased with the Guano. Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainly over the wheat where there was nothing used.

Very respectfully,

JOHN J. MITCHELL. Kingston, Dinwiddie Co., Va., November 26th, 1873

[Note.—Mr. Mitchell has since ordered 10 tons for his Spring crops.] Millstone Landing, Md., December 1st, 1873. Mr. E. A. DUNLAP,

Dear Sir: I am just in receipt of your letter, but regret that I did not receive it somer.

I used your Guano, side by side with * * * * * 's Ammoniated Super-Phosphate, and could perceive no difference, only in growth of the straw. The straw from * * * * * 's

rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable fer tilizer.

Very respectfully, ELKANAH WISE. Dinwiddle County, Va., November 21st, 1873.

Gentlemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 300 lbs. per acre, on corn land. The wheat is looking well. I think it will prove a good fertilizer.

Sussex County, Va., December 12th, 1873.

Messrs. Rowlerr & Tarnor, Petersburg, Va.,

Dear Sirs: I used on my wheat, sowed about the 1st of October, a half ton of Guanshani Guano, and so far I am very much pleased with its action. Where I used the Guanshani the wheat is looking remarkably well—a great deal better than the wheat sown on a pea fallow.

Very respectfully, J. N. WINFIELD. Messrs. Bishop & Branch,
Sirs: You ask me my opinion of the Guanahani Guano I pucchased of you last fall.
I used the guano on my wheat, but owing to the unfavorable fall for the growth of wheat, it would be impossible for any manure to show its strength fully. Fowever, I think the guan oa good ertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully,
A. G. JORDAN. Prince George County, Va., December 16th. 1873.

Petersburg, Va., December 16th, 1873.

Wm. R. Grifffih, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.

SAMUEL H. JONES,
Prince George County, Va. Broad Run Station, Fauquier County, Va., December 4th, 1873.

Broad Run Station, Fauquier County, va., December 4th, 1878.

Dear Sir: I left one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gallon; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The land I tried it on was quite thin.

Yours, &c., Yours, &c., A. D. SMITH. Poplar Mount, Greensville County, Va., December 17th, 1873. Messrs. Rowlett & Tannor, Greensville County, Va., December 17th, 1873.

Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani Guano, so far?"

Guano, so far?"

In reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the acre. I used the same quantity 200 pounds) on winter oats. The wheat was not sown until about the 20th of October, but has already a healthy, vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the sup-r-phosphates.

The winter oats we e sown the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former days, when, for a moderate outlay of money, the farmer purchased the pure Chinchs Island, (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacce.

I am, very truly yours,

GEORGE W. FIELD.

GEORGE W. FIELD. The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount.

As it will be impossible to bring but few thousand tons to this country in time for the pring irade, orders must be sent at an early day to secure it.

For further information apply at the office of the GUANAHANI GUANO COMPANY, PETERSBURG, VIRGINIA.

LOCAL AGENT:

MIDICAL EXAMINER:

ring Jail Delivery. CASTLE, DEL., Feb. 25. 1 o'clock this morning, Israel Riddings, Night Warden at the jail, hearing a slight noise in the yard, opened the door when he was immediately seized by a gang of a dozen men. They gagged, hand-cuffed him, tied his feet and put him in a coal hole. One of them threatened his life with a drawn knife, but another known as "Big Frank," interfered. They got over the wall by two short ladders tied together, which they brought with them. They carried off with E. Frausier, who was under a life sentence for the murder of Allison. It is supposed that the party reached herein a tug boat, which was seen off New Castle last night, and has disappeared this morning.

Big Frank, mentioned in the dispatch, is one of the party whipped some time ago, and for whose rescue before whipping a plot was formed, but did not succeed, being foiled by citizens being on guard.

LATER.-Four bank burglars, Lawton, Hurlburt, Carter and Hope, under sentence for ten years with Frazier, under a life sentence for murder, were rescued by a gang of bur-glars. They scaled the prison walls by ladders brought with them. After securing the warden they opened the prisoners' cells by means of jackscrews, forcing open the windows. There were twelve or fifteen men engaged in the rescue who are supposed to have come from Philadelphia in a tug and escaped in the same way.

Miscellaneous News.

MEMPHIS, Feb. 25 .- No trains arrived here on the Memphis & Charleston railroad since Saturday, owing to heavy rains. The Mississippi Central road is badly washed up north of Grenena. NEW ORLEANS, Feb. 25.—Judge Wood is trying the Grant Parish pri-

soners. There are 300 witnesses sum-BOSTON, Feb. 25.—The School Committee, notwithstanding the action

of the Supreme Court, voted 44 to 40, to exclude the women. Buffalo, Feb. 25.-The brakemen on the New York & Erie Road are on

a strike for back pay. No freight trains are moving.

LONDON, Feb. 25.—Rev. Thomas Finny, a theological waiter, died last night, aged 75.

MADRID, Feb. 25 .- The report of the capture of Portugal by the National forces is confirmed. General Moriones with 22,000 men now confronts the main body of Carlists, and news of a general engagement is hourly expected. NEW YORK, Feb. 25 .- There is a

heavy northeast snow storm. Washington, Feb. 25.—There is six inches of snow.

FROM WASHINGTON. No Important News.

WASHINGTON, Feb. 25.—SENATE— The Senate this morning proceeded to the consideration of the bill to appoint a commission to inquire into the alcoholic liquor traffic.

House-Platt, of Virginia, from the Naval Committee, made an adverse report on the bill to establish a navy yard at Port Royal, S. C. The report was laid on the table. A bill to authorize the removal of

the powder magazine at Norfolk, Va.,

MIDNIGHT DISPATCHES. FROM WASHINGTON.

Congressional.

WASHINGTON, Feb. 25.—House.— The debate on the bill reviving the franking privilege was continued all day, and finally the previous question was seconded, and the main question ordered, 126 to 117. The bill will be voted on to-morrow.

The President to-day, in communicating to Congress the report of the Centennial Commission, says: A failure in this enterprise would be deplorable. Success can be assured by arousing public opinion to the importance of the occasion. To secure this end, in his judgment, congressional legislation is necessary to make the exposition both national and international.

Boyle was confirmed as Attorney for the Eastern District of Texas. SENATE-The financial debate was continued. Messrs. Merrimon, Sherman, Allison and Morton taking part. There was a sharp discussion between Morton and Schurz, growing out of the debate of yesterday, in which Morton said Schurz did not understand the country in which he lived. In reply to Morton to-day. Schurz said that Morton made misstatements, atrocious and wilful. Morton retorted by charactering the argument of Schurz as disingenuous. Carpenter called both to order and apologies followed. No vote was

The Twins-Clear as Mud.

PHILADELPHIA, Feb. 25.—The second edition of the Medical Times states that the autopsy of the Siamese twins was continued on Friday last. resulting in some interesting disclosures. It says: On Friday the commission continued the autopsy upon the Siamese twins, and made some important discoveries. The two livers which were sup-posed to be joined only by blood ves-

FOREIGN.

England's Bull Gores Ashantee, But Comes Off Second Best!

London, Feb. 25.-A report has reached here that a great battle has been fought at Coemassie between the Ashantees and the force under General Sir Garnet Wolselsy. The engagement is said to have lasted a whole day, and to have closed with no decided result. The loss of the British troops is given as nearly three hundred, including many officers. The Highlanders alone are reported to have had 150 men killed and wounded. General Sir Garnet Wolseley was said to be in need of reinforcements, which were 15 miles

LATER.—The war office is without official advices of the reported battle between the English and Ashantees, but unofficial reports say the battle was fought at Acroomboo, January 31, not Coomassie. Among the killed are Major Baird and Captain Brickle. The Globe says if the news be true, the only course left is to effect a safe retreat to the coast. A special to the Standard says: The Ashantees entirely surrounded the British army, but were eventually driven off with great loss. The principal war chief was killed. The King has taken command in person, and it was expected he would renew the attack.

The Critter. ALBANY, Feb. 25.—At a meeting of the State Temperance Committee to-day, resolutions were adopted ask-

ing the Legislature to pass a local prohibition bill, and also calling on the friends of temperance to use every effort to advance the cause, and bidding the Western women God speed in their crusade.

FEATURES AND ADVANTAGES. It is emphatically a Home Company. Its large capital guarantees strength and Its rates are as low as those of any first-

class company.

It offers al. desirable forms of insurance.

Its funds are invested at home and circulated among our own people.

No unnecessary restrictions imposed upon residence or travel.

Policies non-forfeitable after two years. Its officers and directors are prominent and well-known North Carolinians, whose experience as businesss men, and whose worth and integrity are alone sufficient guarantees of the Company's strength, solvency and success

COTTON GINS.

COTTONGINS. We are Sole Agents in this section for the

TAYLOR GIN! which is acknowledged by those who have used it to have no superior, and is confidently recommended by us to all in want of a thoroughly reliable machine. We are prepared to furnish this or any other Gin manufactured, upon liberal terms and short notice. Any person wanting a Gin should order it AT ONCE, that we may have it here in time. WILLIAMSON, UPCHURCH & THOMAS

MISCELLANEOUS. ATTENTION FARMERS!

LABOR SAVER OF THE AGE. With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It bars both sides, weeds, chops and dirts the cotton at the same time. After the chopping, it is converted into a most excellent.

CULTIVATOR, for use throughout the season. It has taken the Gold Medal at the Georgia State Fair, as the most important and latest improvement in Agricultural Implements, and the first premium everywhere it has been exhibited. It bears the highest testimonials of its thorough, practical success.

Price of Machine with attachments, \$35, and freight.

For circulars and further information, address.

LAMPS AND HOUSE FURNISHING
GOODS of all kinds. WAKE SAFETY OIL, best in use. No. 4 HARGETT ST., RALEIGH, N. C. feb 1-tf.

DOUBLE ACTING FORCE PUMPS,

Solid Porcelain, Iron, Brass or Block Tin Pumps. One Hundred Dollars

Premium will be paid by me to be shown a family or factory pump to equal mine in general merit. Four years experimenting and perfecting these Pumps, and twenty years steam milling and steam-boiling where pumps were of much consideration, enables me to guarantee entire satisfaction. I make two class of pumps, seven sizes, and a dozen different styles, to go by hand or power. These pumps, covered by letters patent, have taken the medal and premium over all domestic pumps in the State. Reen tested in over fifty fires and saved millions by extinguishing the fires on dwellings, cotton gins, saw mills, turpentine distilleries, tobacco and cotton factories, and not one overcome yet. Hundreds of those in wells eighty-five feet and under over three years, without even the expense of repucking. They are all changed in half a minute by attaching hose from a common pump to a fire engine, throwing thirty to hundreds of gallons per minute, according to size, on the roof of three story buildings. Send for price list.

Steam and water pipes, hose, hose coupling and pipe furnished and fitted.
